

**Subject:** "Memories of the 8th Air Force" Project of Oregon Chapter 8<sup>th</sup> AFHS

**To:** Document Contributors

**Reason:** Authorization form when contributing original documents to chapter's historical archive

The Board of Directors has decided to retain these stories in the Chapter Records as long as the Chapter is active. The Board has not determined on a final disposition of the originals if the Chapter ever deactivates.

Until that time, rather than have them gathering dust in a file cabinet, it has been authorized that they be available for members and the public to view them on a CD, DVD, and from the web site (<http://www.8thafhsoregon.com>) within the ownership limitations you indicate below.

- Option #1 OK to check out to anyone. OK for others to make copies of material.
- Option #2 OK to check out but with the stipulation that no one makes any copies.
- Option #3 OK to check out, however, the member must first obtain permission directly from the story author. If approved, the author should advise whether or not it could be copied.
- Option #4 Not allowed to be checked out to anyone, but retained in the archives.

Please review these options and enter the one that would be most comfortable for you then sign below and return this form.

Signing this does not grant permission, or relinquish copyright ownership of your material for profit or otherwise.

Thank you for your cooperation
